

D:/git/Projet_Spirograph
/Projet_Spirograph/headers
/Parser.h

```
graph TD; A["D:/git/Projet_Spirograph  
/Projet_Spirograph/headers  
/Parser.h"] --> B[string]; A --> C[iostream]; A --> D[vector]; A --> E[sstream]; A --> F[utility];
```

The diagram illustrates the include dependencies of the `Parser.h` header file. A central box at the top represents the header file, with five arrows pointing downwards to five separate boxes below it, each representing an included header.

string

iostream

vector

sstream
